HISTORIC BAYFIELD STREET RENOVATION

PROJECT AREA:

The work includes the reconstruction of three blocks of brick roadway on Broad Street between Manypenny and Washington Avenue and on Second Street between Manypenny and Rittenhouse Avenue.

PROJECT SCOPE:

Major components include 5,025 sq. yards of colored concrete pavement, 162 tons of asphalt pavement, 2,700 linear feet of curb and gutter, 15,000 sq. ft. of concrete sidewalk, 26700 sq. ft. of vintage brick pavers, 120 linear feet of storm sewer, five storm sewer structures, 1,900 linear feet of electrical conduit, 14,500 linear feet of electrical wire, and 13 decorative street light units. The City has entered into an agreement with Chippewa ConcreteServices Inc. to complete this work.

PROJECT TIMELINE (WEATHER DEPENDENT):

Chippewa Concrete's Preliminary Construction Timeline indicates a potential start date of April 27, 2015; weather permitting.

According to our agreement, the work is expected to be substantially completed on or before July 2, 2015 and complete and ready for final payment on or before July 31, 2015.

CATHOLIC HILL WATER MAIN IMPROVEMENTS

PROJECT DESCRIPTION:

Includes the replacement of aging and undersized water mains on Washington Avenue from First Street to Front Street, Rice Avenue from Second Street to STH 13, Sweeny Avenue from Second Street to STH 13, First Street from Rice

Avenue south 200' to dead end, and STH 13 from Sweeny Avenue to East Lynde Avenue.

PROJECT TIMELINE:

This project will soon be posted with bids due at the end of the month. The project is expected to commence during the summer of 2015.

Questions or concerns, please call 715-779-5712.
