SUBJECT: City of Bayfield's Drinking Water Safe

**REVISED: Sample Dates Corrected**

Bayfield, WI – **“The City of Bayfield is pleased to have our water supply back to its normal high quality standards.”** Mayor Larry MacDonald said today. **On Thursday, October 1, 2009 City Public Works Director, Tom Kovachevich announced today the test results for water sampling taken on September 29 and 30, 2009 for bacteria in the City of Bayfield's water supply have come back safe. As a result, the “Boil/Bottle Water Advisory that was issued on September 28, 2009 has been lifted by the Wisconsin Department of Natural Resources.”**

The City of Bayfield will continue to chlorinate the system as planned until mid-November 2009. In addition, Kovachevich stated the City will continue routine periodic testing of the City's water supply to ensure the delivery of safe drinking water to you.

We want our valued customers to be informed about their water utility and want you to know we take the water supply very serious. Information could be disseminated quicker with the use of an e-mail notice to our users. Customers, if you would like to be notified by e-mail, please send your e-mail address to [cityutility@charter.net](mailto:cityutility@charter.net). Please note, you will be responsible to let us know of any changes to your e-mail address. The City will utilize the local newspaper for all required public notification.

For more information contact: Larry J. MacDonald, Mayor, at 715-779-5712 or 715-209-4878.
