L.E. Building

Mayor MacDonald was present to talk with the Harbor Commission about the proposed project at the L.E. Slip. The Mayor thinks the Harbor Commission should get the slip fixed. He doesn't know where there would be any money for this project. The Commission will have to pay this bill. Nelson spoke about another design that would cost more but may be a better fix. He suggested sheet piling. Nelson said there would be a loss of about a foot to a foot and a half of space in the slip. Nelson will work up some numbers. Chairman McMullin asked Nelson to contact Goodlet and let her know and she would then set up another Harbor meeting. Nelson thinks he could get the information together in 2 weeks. He said that he would contact Goodlet. Nelson went on to say that they could do the sheet piling this year and the cribs next year. This way he could check out what is or isn't under the road. Commission likes the idea of getting another proposal.
