

Value x Urgency = Priority

Value?	Extreme	5	Extremely Important to most or all residents
	High	4	Important to many residents
	Medium	3	Important to a moderate number of residents
	Low	2	Important to only a few residents
	No Value	1	Important to only a few or even no residents
Urgency?	Critical	5	Action should have been done yesterday
	High	4	Action to be taken before the end of the year
	Medium	3	Action to be considered within the next 5 years
	Low	2	Action is not important enough to set a time
	No Urgency	1	Action will have little or no impact
