HB

February 19, 2018

Dear Committee Members,

We are seeking input from all of our City of Bayfield Committee Members to help update our Comprehensive Plan. This is an agenda item for all our February meetings, however the committee(s) you are on is not scheduled to meet this month, so we are seeking your input by e-mail.

Attached, please find a memo from Nan Fey, the facilitator of our Comprehensive Plan project, a page of definitions, and proposed goals to update our Comprehensive Plan. For your convenience, paper copies are now available for pick up at City Hall.

Please review these documents and add your notes, comments and/or questions.

Feel free to provide any other goals you believe should be considered for addition to this list. We also want to know if you have no notes, comments or questions. **Please return your responses to City Hall as soon as possible; we'd like your input by Friday, March 16 at the latest.**

Thank you for your service to our community and assistance with this project.

Gordon T. Ringberg,  
City of Bayfield, Mayor
