

**CITY OF BAYFIELD, BAYFIELD COUNTY, WISCONSIN  
ORDINANCE NO. 398**

**AN ORDINANCE CREATING "FACE COVERING REQUIREMENTS DURING THE COVID-19 PANDEMIC"**

**Whereas**, as of July 7, 2020, COVID-19 cases have been on the rise in Wisconsin, Bayfield County, and the South Shore in recent weeks; and

**Whereas**, public spaces and businesses are open for in-person operations in the City of Bayfield, increasing the potential for community spread of COVID-19; and

**Whereas**, COVID-19 is primarily spread via respiratory droplets when people are in close proximity with each other and people that are infected speak, sneeze, or cough. People can be infected and have no symptoms (asymptomatic) and they are still able to transmit the virus; and

**Whereas**, according to the Centers for Disease Control (CDC), there is emerging evidence from clinical and laboratory studies that demonstrates cloth face masks reduce the spray of respiratory droplets; and

**Whereas**, wearing a face mask is one of the most effective ways to reduce person to person transmission of COVID-19. Face masks serve as a protection to prevent droplets from entering the air, which is known as source control. When combined with other preventive measures, including physical distancing and proper hygiene practices, wearing face masks is a simple and effective way to reduce the risk of COVID-19 transmission; and

**Whereas**, the risk of COVID-19 transmission remains high, particularly in indoor settings with an increased likelihood of close contact and the sharing of air that may contain coronavirus contaminated respiratory droplets and/or aerosols; and

**Whereas**, evidence cited by the Centers for Disease Control and Prevention (CDC) indicates that a significant portion of individuals with the coronavirus are asymptomatic, and that pre-symptomatic persons can transmit the virus to others before showing symptoms; and

**Whereas**, the City of Bayfield is a destination for travelers and visitors from all over Wisconsin and the United States, including from states with higher per capita rates of COVID-19 infection than the State of Wisconsin or Bayfield County; and

**Whereas**, in open meeting on July 15, 2020, the City of Bayfield Common Council found and declared that the restrictions and prohibitions imposed pursuant to this Ordinance are appropriate and necessary in order to slow and prevent the transmission of COVID-19 and more effectively protect the lives and property of people

within the City of Bayfield; and

**NOW THEREFORE**, at a regular meeting of the City of Bayfield, Bayfield County, Wisconsin, held on July 15, 2020, by a favorable vote of the members being present and therefore, said Council does ordain as follows:
