

**COMMITTEE NAME: PARKS & REC. EXAMPLE**

CHAPTER	GOAL	OBJECTIVE(S)	POTENTIAL PROPOSED ACTION
I	4	1. Preserve, maintain and enhance trails, especially along the waterfront.	By 2021, establish reliable capacity to maintain trails through the use of grants, volunteers, and shared trails crew with neighboring jurisdictions.
			In 2021, initiate revision of City Outdoor Recreation Plan with public involvement. Complete by 2023.
			By 2023, develop a unified trails plan for the City of Bayfield, placing priority on trails connections along the shore (i.e. to Dalrymple campground)
			By 2025 construct priority trails
			By 2021, establish conservation easements for City open space lands, including the Big Ravine Preserve
III	1	2. Work to ensure that pedestrian destinations (e.g. school, library, recreation center, downtown, waterfront, residential areas) are safely connected to encourage foot travel.	In 2021, conduct an assessment to determine issues and unmet needs for safe foot travel throughout the City (coordinate with public works committee).
			In 2022 - 2023, develop and implement actions to address needs for safe foot travel (e.g. signage, crosswalks, pathways, improved handicap access)
			By 2022, develop a unified trails plan for the City of Bayfield, placing priority on trails connections along the shore (i.e. to Dalrymple campground)(also under I.4.1)
V	3	1. Utilize conservancy or environmental protection for all ravines, streams and run-off corridors in the city.	By 2024, in coordination with public works and the planning commission, develop a plan to protect ravines, streams, and run-off corridors in the City. This would include, but not be limited to the Big Ravine, Courthouse grounds, Halvor Reiten Park, and Dalrymple Campground.
			By 2021, establish conservation easements for City open space lands, including the Big Ravine Preserve (also under I.4.1 )
VII		1. Develop and maintain good working relationships with neighboring jurisdictions, governmental agencies, and non-governmental organizations to enable effective joint planning efforts throughout the region.	By 2020, establish Bayfield Area Trails Council with adjoining jurisdictions.
			By 2021, establish reliable capacity to maintain trails through the use of grants, volunteers, and shared trails crew with neighboring jurisdictions (also under I.4.1)
